KNOWING JESUS THE GOOD SHEPHERD & SHARING THE RISEN CHRIST WITH ALL

## Pastor Sunny's Rays

The following is a Sandi Patty Song called: *"Love in Any language"*. I invite you to read the lyrics slowly and deliberately

**The sounds are all as different As the lands from which they came  
 And though our words are all unique Our hearts are still the same**

*Love in any language  
 Straight from the heart  
 Pulls us all together, Never apart  
 And once we learn to speak it  
 All the world will hear  
 Love in any language  
 Fluently spoken here*

**We teach the young our differences  
 Yet look how we're the same  
 We love to laugh, to dream our dreams  
 We know the sting of pain**

**From Leningrad to Lexington  
 The farmer loves his land  
 And daddies all get misty-eyed  
 To give their daughter's hand**

**Oh maybe when we realize  
 Just how much there is to share  
 We'll find too much in common  
 To pretend it isn't there**

*Love in any language  
 Straight from the heart  
 Pulls us all together, Never apart  
 And once we learn to speak it  
 All the world will hear  
 Love in any language  
 Fluently spoken here*

Gary and I have had a time of hardship that was made easier with your help and attention. We thank all of you for your generosity. The calls re: Gary's health status, the cards that conveyed your feelings, the week's worth of delicious meals, the offers of transportation to Buffalo and the trips to the grocery store.

The depth of our appreciation is hard to express.  
May God bless all of you.

The United Methodist Church is going forward with a plan to do a system wide study of its structure and practices to reinvigorate a denomination that is growing older and smaller in the United States. The Connectional Table at its Nov. 6-8 meeting agreed to fund a proposal approved by the Council of Bishops earlier this month to consider fundamental changes in the church's structure, from annual conferences to General Conference, from national agencies to the bishops' council. Among the specifics, the plan calls for consideration of the elimination of guaranteed appointments for clergy, rebuilding the church's leadership development system with special attention to young people and exploring the "right sizing" of general agencies and general church activities.

**Though the rhetoric of government  
May keep us worlds apart  
There's no misinterpreting  
The language of the heart**

Whenever I hear this song I think about the Cuba United Methodist Church family. When I first came here in 2005 there had been some old hurts that hadn't seem to have healed completely. There wasn't a "real" family feeling here. I can honestly say that at last there is that feeling of family. I have seen it in many, many ways over this last couple of years. When one of the family becomes ill or down or maybe suffering from a loss, the rest of the family does what any good family would do, what my father-in-law would call "kick into high mag" and do what needed to be done. Doesn't matter what the need is it gets done!

There is much ministry happening at Cuba UMC. We help feed the people by being a distribution and ordering point for ANGEL FOOD MINISTRIES. That is ministry! That is love in any language! We served a full Thanksgiving Dinner with all the trimmings at no charge to anyone in the community. We fed 125 people and a good number of them wouldn't have had that kind of meal had we not provided it for them. That is ministry! That is love in any language! During Lent we have Soup and Bread luncheons also for the community at no charge to them. That is ministry! That is love in any language!

When a family member is ill we prepare meals for that family. That is ministry! That is love in any language! We are extremely active in the Meals on Wheels. That is ministry! That is love in any language! We have provided sofas and chairs, kitchen tables and mattresses and bedding to those marginalized people who needed it. That is ministry! That is love in any language! We have paid heat bills, doctor bills and bought vital medications for some families. That is ministry! That is love in any language! We have helped at least two families provided a Christmas for their families. That is ministry! That is love in any language!

We have cleaned homes, helped with home repairs, assisted with apartment securities for some that would have been homeless had Cuba United Methodist Church not been at the corner of Main and Green Streets. That is ministry! That is love in any language!

We have an active United Methodist Women's group who have been extremely important to the ministry of Cuba UMC. They have reached also beyond the city limits, beyond the county and state lines, indeed beyond the borders of our country. They have collected money for flood buckets that go throughout the country that has suffered a natural disaster, they provided VBS materials for Nome, Alaska, and they helped provided solar cookers for the desperate women in Africa. That is ministry! That is love in any language!

*(continued on page 5)*

*(continued from page 4)*

And the Trustee's should not be forgotten here. Their ministry is to keep this family's home in good order. They have done just that and then some. The sanctuary has had a face lift and there is more to come. The front and Green Street doors have been repaired along with the steeple. That is ministry! That is love in any language! The new furnace system has accomplished even more than we had expected it too. There is now a vent from the boiler room into the fellowship hall that will help heat the rooms thus providing even more savings on the heating costs. We have purchased new tables and new padded chairs for our family to enjoy fellowship. That is ministry! That is love in any language!

The youth are not to be out done. They have and continue to create baskets for our family member who are ill or shut in. The baskets have candy and muffins along with reading materials and other comfort items. That is ministry! That is love in any language!

We have seen members taking a more active part in the ministry of the church. We have a lay member who is leading a bible study, one of our faithful has taken over as coordinator of the Angel Food Ministries, there was wonderful people helping with the community Thanksgiving dinner. More people are volunteering for liturgist. That is ministry! That is love in any language!

There is also the joy of having nine, yes I said NINE, new people joining this loving and caring family that makes up the Cuba United Methodist Church. And they have become very active members of this family. That is ministry! That is love in any language!

We haven't had any baptisms this year and there we have only seen 2 of our members go home to God. And while the loss of those dear people is great there is also the joy that we don't have to worry about them being in pain anymore because we know that God holds them and has taken away the pain. The outpouring of love and comfort given to those families during that time of loss is ministry and love in any language

It is my belief and prayer that 2010 will see that ministry and love in any language grow. One way we will try to do that is to create some small groups. One of those groups are in the making even now. It is a support group for single mothers. Society today is different from when most of us were growing up and a family was made up of 2 parents and with 2.5 children. Families have many shapes and sizes today. We know how difficult raising children can be with 2 parents, the job must be overwhelming at times for a single parent. It is our desire to provide some support for those moms that are doing it in our family and in our community. That is ministry! That is love in any language!

The face lift that the Trustee's have started will continue and they will be aided in that face lift by the UMW. There is more work to be done in the sanctuary, the UMW has plans to paint and provide new window treatments in Wesley Hall. Plans are in the works for building a shed with a patio on it to provide a more inviting place for outdoor activities and more storage. That is ministry! That is love in any language!

The one cloud that we see is the fact that we were not able to pay our full share of the Shared Ministries. However, we have done much better than last year. We were able to pay all of World Service and the district dollars and we will have paid approximately 50% of the Shared Ministries. Is that perfect? No, but we are striving for that perfection. That is the important part. That is ministry! That is love in any language!

As for me, I will with the prayers and support of this dear church family continue to grow. I have some things that I need to work on as do most of us. As John Wesley said, "I am going on to perfection." I will seek to learn more about leadership and church growth. I very much need also to learn how to better handle stress so has to maintain good mental and physical health.

It is also one of my goals this year to help all of us learn that we are in ministry together!! It is not a one man show. I will continue to search for ways to share God's Word to the congregation in new and exciting ways. To do that however, there must be a commitment from the folks in the pews to be open and willing to take part in that newness.

*(continued on page 6)*

(continued from page 5)

As 2009 ends we have much to rejoice in, as 2010 begins let us approach it with excitement, with eagerness to try something new and different. Let us hold each other up in prayer and love. Let us share, love, laugh and cry together. Let us continue to do ministry and to speak fluently that love in any language.

May God bless all of you and your families in the New Year. Remember that God loves you and so do we.

*Pastor Sunny*

## New Year's Reflections

Looking back on the months gone by,  
As a new year starts and an old one ends,  
We contemplate what brought us joy,  
And we think of our loved ones and our friends.  
Recalling all the happy times,  
Remembering how they enriched our lives,  
We reflect upon who really counts,  
As the fresh and bright new year arrives.  
And when I ponder those who do,  
I immediately think of you.

Thanks for being one of the reasons I'll have a Happy New Year!
